PROFILE SUMMARY

My name is Priyanshi Malik, I am a resilient, outgoing responsible student who is eager to gain work experience., Currently enrolled in a Web & App Design Development course in my HighSchool. I demonstrate strong leadership, and strong problem solving. I am passionate about pursuing a career in medicine/medical field, trying to seek opportunities to develop professional skills and contribute meaningfully in a dynamic work environment

WORK EXPERIENCE

Computer Science Hackathon 2024
HTML, CSS, Python, Javascript - Work Based Learning

- Worked in groups to to accomplish a Game design challange

Baby sitting - Self-Employed

- I take care of kids in my neighborhood and make sure they are safe and happy. I play with them, help with small tasks, and create a fun and friendly space. My goal is to keep them smiling while making sure they are well cared for.

Girls who Code Club Member - Vice President - Thomas Edison CTE HS

- I am the Vice President of my high school's Girls Who Code club. I help teach HTML, CSS, and other computer languages in a simple and fun way. I also introduce game design to make coding even more exciting!

Today's Girl Tomorrow Women
Conference - Work Based Learning

- Today's Girl, Tomorrow's Woman is a special event that helps girls grow into strong and confident women. They listen to smart and successful women, learn new skills, and explore different jobs for the future.

Tutor - Self-Employed

- I help my family and friends with their homework and have started helping other kids too. This helps me learn how to talk and work well with others gaining valuable communication and soft skills. I make learning fun and create a happy place for kids to do their best. I helps kids from grades K-5

CLUBS AND VOULUNTEER WORK

- Girl Who Code - Vice President
- National Junior Honor Society
- Glamour Gals and Guys
- Community service
- Varsity Volleyball
- Varisty Softball
